

People & Prayer

A Prayer Directory of our Network of Missional Teams

2023 GUIDE

Together that the world may know Jesus.

Pray

Whenever the Church advances, it does so on its knees.

By God's choice, prayer is a primary means through which God's Spirit invades, restores, and redeems our world. Because of this, at Multiply, we seek to cultivate the value of prayer in all we do. We want to live and work and minister prayerfully. As well, we want to authentically partner with those of you for whom intercession is a vital way in which you serve the Lord.

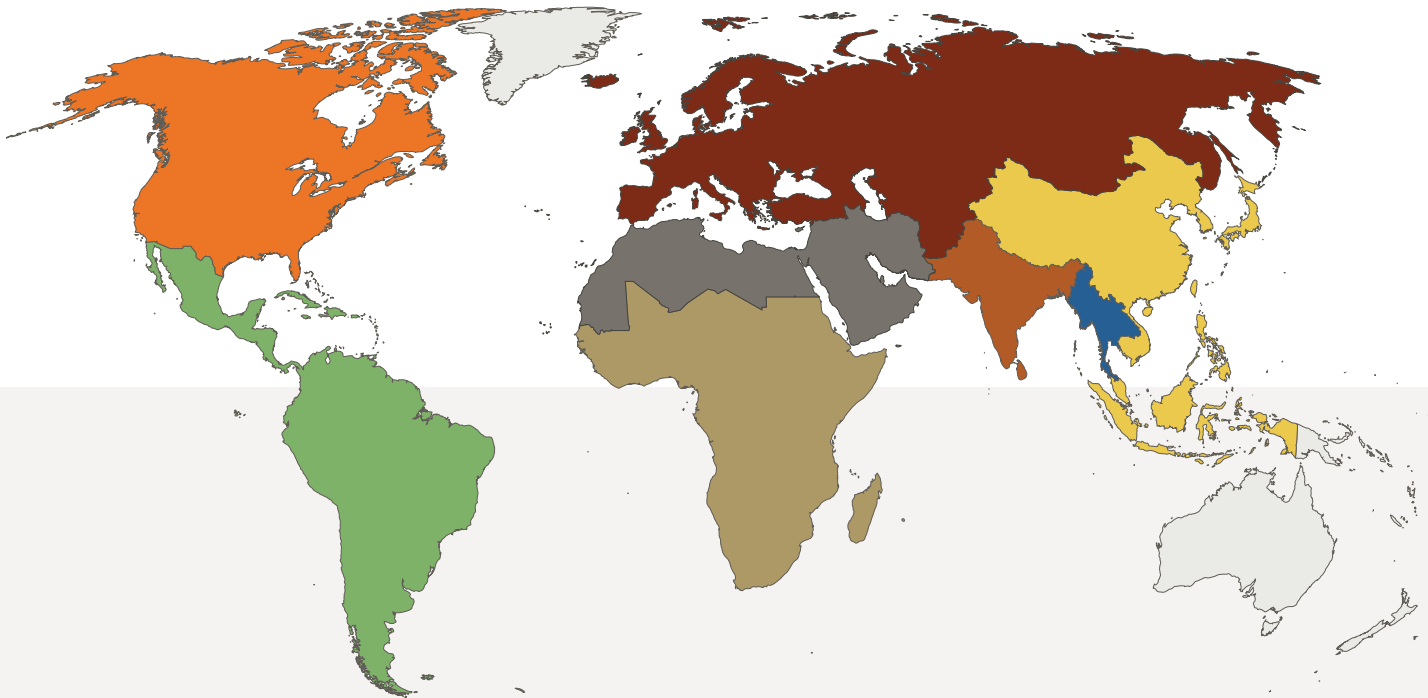

At Multiply, we are convinced that prayer is essential for the healthy expansion of God's kingdom through global mission, discipleship, and church planting. Your intercession contributes toward significant breakthrough in the spiritual transformation and renewal of individuals, churches, and communities, both in North America and around the world. We invite you to use this booklet as a guide to supporting our fields of ministry, through a commitment to pray daily for a worker, a team, a people group or a country.

Here are some ways in which you can support Multiply's Network of Missional Teams in prayer:

1. Pray for a worker, using our Daily Prayer Guide multiply.net/daily-prayer-guide.
2. Find that worker on our website and click "Send a note" to email them a word of encouragement, a prayer, and to ask to receive their newsletters.
3. Start or join a prayer group at your church, and meet regularly to pray for a missional team.
4. Invite a friend to take a walk with you and use that time to pray together for global workers.
5. Fast one meal per week and use that time to pray for a people group.
6. Contact your Regional Mobilizer (multiply.net/regional-offices) to ask if there is an intercession team going on a short-term trip in the near future. Join a team!

Note on Restricted Communication: *For our workers and partners that serve in sensitive areas, we use initials or aliases instead of their real names. They each face unique challenges based on various security and safety concerns, so our communication policies are tailored to their particular needs and requests. Also note that some of our key national partners are not included in this directory at all due to heightened concerns. Please pray all of those who face challenges like these as they lay down their lives in love and obedience to serve God.*
